NOW THAT YOU’RE ADMITTED!
A guide to what you need to know before you arrive
1. COMMIT TO UNI.
To accept your offer of admission, please visit admissions.uni.edu/accept. All undergraduate students must first complete this to access orientation and housing sign up. Please use the Flywire option to pay the acceptance fee by credit card or bank wire.

2. APPLY FOR HOUSING.
UNI is accepting housing contracts for the 2018-2019 academic year. You can learn more about housing and begin the application process here: dor.uni.edu/contracting/completed-housing-and-dining-contract.

3. APPLY FOR YOUR STUDENT VISIA.
In your admission packet, you should have received your Certificate of Eligibility for the University of Northern Iowa. Please visit www.ice.gov/sevis/i901 for assistance. If you have not received your Certificate of Eligibility, please email the Office of International Admissions at uginternational.admissions@uni.edu to determine what is needed to complete your file.

4. REVIEW THE ORIENTATION SCHEDULE.
You can view the orientation schedule here: isso.uni.edu/orientation. The schedule will be updated periodically with current information.

5. MAKE TRAVEL ARRANGEMENTS.
Check the program start date on your I-20 or DS-2019 and plan to arrive to UNI prior to that date. After you’ve booked your flight and secured housing, visit isso.uni.edu/orientation to complete the Arrival Form and we will arrange free local transportation to bring you to your new home.

6. TAKE YOUR MATH PLACEMENT EXAM.
All first-year undergraduate UNI students are required to complete the online ALEKS math placement exam prior to orientation. Your results will assist you and your academic adviser in choosing appropriate math course(s). Visit firstyear.uni.edu/aleks-math-placement for more information, and to access the exam.
Congratulations on your admission to the University of Northern Iowa.

We look forward to helping you have a successful and enjoyable college experience. We hope your time at UNI will be some of the best years of your life as you make new friends, get involved in campus and complete your degree. Like thousands of international students before you, we hope you will eventually consider UNI your “home away from home.”

You may have many questions as you get ready to move to UNI. We hope this brochure will help provide you with the information you need to make the proper preparations and let you know what to expect. Please read all of the sections carefully and follow the suggested steps. You can also refer to information for prospective students at isso.uni.edu. Please contact us if you have any additional questions or need assistance.

Again, we look forward to meeting you and we wish you a safe journey to UNI!

Sincerely,

Kristi Marchesani

Kristi Marchesani, Ph.D.
Director of International Admissions and Recruitment

International Student Promoters (ISP)
Don’t wait until you arrive on campus to meet current international students. ISP is a student organization devoted to promote UNI across the globe. Around 50 students from different parts of the world participate in ISP every year. Members are always eager to meet incoming students and enjoy answering questions, as well as helping incoming students acclimate to UNI. To meet some of these students, visit intladm.uni.edu/isp or send an email to uni.isp@uni.edu.

International Friendship Program
The International Friendship Program matches UNI international students with families or individuals in the Cedar Falls and Waterloo area. The goal of this program is to promote cultural exchange between international students and American families. Students who apply for this program are seeking to learn more about American culture by becoming a part of a family and defining a home away from home. Families volunteer to participate in activities with an international student as a way to learn about the student’s country and to build a friendship.

For more information and the student application, please visit isso.uni.edu/programs-and-events
**Visa Application Process**

Upon receipt of your I-20 or DS-2019 from the University of Northern Iowa, apply for a visa at the United States Embassy or Consulate closest to your place of residence. For a complete list of requirements and specific information on how to pay the visa fee, visit usembassy.gov. Visas cannot be issued more than 90 days prior to the program start date on your I-20/DS-2019. But don’t wait until then. Start gathering necessary documents for your student visa application.

F-1 and J-1 students are required to pay a one-time, non-refundable I-901 SEVIS (Student and Exchange Visitor Information System) fee prior to the visa appointment. The fee for F-1 students is $200; it is $180 for J-1 students. The fee is payable at the Immigration and Customs Enforcement (ICE) website—fmjfee.com.

**Items needed during your visa interview:**
- I-20 or DS-2019. (Be sure to sign your form)
- Valid passport
- School admission letter
- Completed visa application with required photographs
- I-901 SEVIS fee and visa application receipt
- Financial documents showing how you will pay for your educational and living expenses for at least one year

**Be prepared to answer questions concerning:**
- Your major field of study
- Your decision to attend UNI
- Sources of money for your studies
- Your intent to return to your home country after completion of your studies in the United States

**If consular officers find you ineligible for a visa:**
- They must return all documents to you
- They must give you written reasons for the denial
- You may secure additional documentation as needed, and reapply

“Thanks to the organizations and opportunities that UNI has offered, I’ve been able to meet a lot of new people and friends. I have found a new family at UNI.”

Astrid,
Communication Electronic Media and Leadership Major
San Salvador, El Salvador
Arriving in the United States
When planning the date of your arrival, please be aware that you are not eligible to enter the United States more than 30 days prior to or after the start date on your I-20/DS-2019. Make sure to carry your immigration documents with you on the plane. Do not check them with your luggage.

United States immigration officials at the port of entry will make the final determination about your admissibility as a student. You will need the following immigration documents to enter into the United States:

- Valid passport
- Valid F or J visa in your passport
- Form I-20 or Form DS-2019

For initial admission, you must:
- Show the immigration official the UNI Form I-20/DS-2019 and your passport
- Attend the school specified on your visa

The immigration official should:
- Examine your Form I-20/DS-2019 and return it to you
- Stamp your passport

Immigration procedures to follow when transferring to UNI from another university in the United States:
If you travel outside the United States before coming to UNI:
- Inform the International Student Adviser at your current school of your intent to transfer to UNI. Your adviser should make the necessary entry into SEVIS.
- Obtain Form I-20 from UNI.
- Be sure that your F-1 visa is valid or obtain a new visa.
- Present your UNI Form I-20 to immigration officials upon reentry to the United States.
- Upon arrival, bring the UNI I-20 and your passport to the International Students and Scholars Office (ISSO) for immigration check in.

If you come directly to UNI without leaving the United States, bring the UNI I-20 and your passport to the ISSO for immigration check in.
Live the UNI Experience. Choosing to live on campus affords students the full UNI experience. With seven traditional residence halls, one suite-style hall and three apartment-style halls, students will find the accommodations they’re looking for as they transition through college, all while placing them in the center of campus life.

Our residence halls provide students easy access to events and activities happening around campus, surround them with friends, offer learning beyond the classroom and of course, make the walk to class that much shorter. Plus, they’re never far from getting something great to eat at one of our award-winning dining centers, the food court in Maucker Union, a cafe’ or convenience store.

Living on campus helps ease the transition to college life, gets students involved and makes them feel connected, all while earning better grades on their track to graduating in four years.

With this in mind, choose your residence hall preference based on reasons beyond the amenities, for example:

- Location on campus
- Will it be close to your major courses?
- Do you prefer to have a dining center attached to it?
- Is there a living learning community that fits your interest?

As a UNI student, you can find a place to belong - yet still stand out - by joining an on-campus Learning Community. Learning Communities are comprised of students who have something in common, such as their major, personal interests or year in school. Through participation in a Learning Community, students are more likely to earn better grades, connect better with faculty, staff and peers, and get involved.
Housing for Upperclass Students
Students with sophomore or above standing have a few additional housing options; these allow students to have the benefits of living on campus with increased independence, privacy and responsibility.

Housing is assigned on availability, contract date and seniority in the residence system. Currently, there are three apartment options and one residence hall option exclusively for upperclass students:

**ROTH**—Two, four, and six-person apartments and eight-bedroom suites are designed to give maximum privacy level. All units are furnished and all utilities are included in the housing contract. ROTH residents are not required to purchase a meal plan as kitchens are provided in each apartment and suite.

**Panther Village**—Apartments are designed for upperclass students and offers single bedrooms for one, two or four students.

**For more information and to complete an online contract, visit:** dor.uni.edu/housing

---

**HILLSIDE-JENNINGS APARTMENTS**

Hillside-Jennings Apartments offer on-campus convenience on the south side of the UNI campus. Affordable housing with the full support of maintenance staff, management staff and the residence life team make this a great choice for your UNI home. One- and two-bedroom apartments and two-bedroom townhouses are available to:

- Students 21+ years old
- Married students
- Domestic partners
- Students with children
- Graduate students
- Veterans

Contact the Residence Life Coordinator at uapartments@uni.edu for more information.
Students who live on campus earn better grades and are more likely to succeed.

COMMON FEATURES
- Cable TV
- Wired & Wireless Internet
- Computer Lab
- Laundry Room
- Lofts Provided

SINGLE ROOMS
All halls have single rooms available, plus the option to convert any double room to a super single room. However, most first-year students live in a traditional double room with a roommate.

Students living in the traditional and suite-style residence halls have an all-access meal plan.

The University of Northern Iowa has two award-winning, all-you-can-eat dining centers conveniently located on the north and south sides of campus. Both dining centers are open extended house for students, faculty, staff and guests to the university and can be accessed by use of a meal plan, Dining Dollars or cash payment. Each of the venues within the dining centers serves a variety of quality items which includes made-from-scratch recipes, fresh bakery items and locally grown produce.

Students who live on campus earn better grades and are more likely to succeed.

BENDER
- Part of the “Towers”
- Connected to Rialto dining center
- Carpeted rooms
- Sink in room

CAMPBELL
- Carpeted rooms
- Sink in room

“I decided to attend college in the United States because of the practical approach it adopts in education. I chose UNI because of its comprehensive curriculum and the resources it provides to students.”

Jaspreet
Biochemistry major
Chandigarh, India
Generally, international travelers have a limited amount of available luggage. The amount and exactly what students bring vary among their preferences and also the type of residence that they have chosen. Keep in mind that if you need additional items, they are likely available for purchase after you arrive.

Every traditional residence hall room has the following items:

- Single bed, mattress and mattress cover for each person
- Desk and chair for each person
- Room sink (except Rider)
- Wastebasket and recycle container
- Closets and drawers
- Drapes or mini-blinds
- Cable TV access to more than 50 channels
- Unlimited Internet access
- All the utilities you’ll need

You can bring (these items are only suggestions):

- Pillows, blanket, sheets and towels (or purchase a linen packet from ISSO)
- Toiletries
- Clothing items
- Room decorations
- Computer

Other Tips:

- Undergraduate students generally dress casually for classes and, within reason, students are free to dress in whichever way they feel comfortable.

- Temperatures in Iowa can vary greatly between winter and summer. Temperatures can reach -15° C (5° F) in the winter and 29° C (85° F) in the summer. If you are arriving in the month of January, be sure to bring a heavy coat with you or be prepared to purchase one upon arrival.

- You will have several opportunities to showcase traditional clothing items, if you choose to; therefore, if you wish and have enough room in your luggage, bring those items with you.

- During orientation, you will have opportunities to go shopping to purchase items as needed.
ADDITIONAL HOUSING OPTIONS

Short-Term Housing
Hotels may be a convenient solution if you need a place to stay if you arrive early or are accompanied by family members. Please keep in mind that you are responsible for the cost of the hotel stay. When contacting any of the hotels, mention you are affiliated with UNI and ask for a special rate. For a complete list of hotels available in Cedar Falls and Waterloo, please visit the Cedar Falls Tourism and Visitors Bureau website at cedarfallstourism.org/places-to-stay/hotels-motels/default.aspx.

Off-Campus Housing
On-campus housing is recommended, but not required at UNI. The university cannot arrange off-campus housing for students. If you prefer to arrange off-campus housing, you may find the following resources helpful in the process.

- Northern Iowa Student Government website—uni.edu/studentorgs/nisg/housing
- rentcollegepads.com
- northerniowan.com
Now that you have finalized your housing plans and received your student visa, it’s time to organize your travel plans to Cedar Falls. It’s important to take into consideration the following information before making any final travel plans.

Plan to arrive between the following dates:

- Spring 2018 semester: Jan. 2-3
- Fall 2018 semester: Aug. 10-11

Please book your flight to Waterloo Regional Airport (ALO), which is served by American Airlines offering connecting service with Chicago O’Hare International Airport (ORD). If you cannot fly into ALO (10 minutes away from campus), you may look into potential flights from the Eastern Iowa Airport (CID), which is located one hour away from UNI. If you have any problems or questions, please contact the International Students & Scholars Office (ISSO) at international.services@uni.edu.

Once you have your travel plans finalized, please complete the online Student Arrival Form at isso.uni.edu/arrival-form. The ISSO will arrange for your pick-up and transportation to the UNI campus free of charge, and otherwise assist you with settling into campus.

“My social and academic involvements at UNI helped me to get where I am today. I gained so much leadership, team building skills and in-depth knowledge. These experiences have been extremely helpful in my current job.”

Russel, Computer Science graduate with Entrepreneurship Emphasis, ’15
Currently works as a Programmer Analyst at UNI
Dhaka, Bangladesh
International Student Orientation (ISO) is designed to assist you with your transition to life in the United States and at the University of Northern Iowa. ISO provides a welcoming and exciting environment lead by current student leaders. The program will help you learn how the university works, how to find and use resources that will help you be a successful student, and meet fellow students and university faculty and staff who will play a big part in your time at UNI.

ISO begins the week before school starts each fall and spring semester. It is mandatory that you attend the orientation sessions during the week prior to starting your first semester on campus. There is a $360 one-time orientation and matriculation fee that will be charged to your account. Prior to the program start date, you will be sent arrival information to assure a smooth transition to UNI. For more information on ISO, please visit isso.uni.edu/orientation.

Some of the activities and events offered for you during orientation include:

- Class Registration
- Exploring Campus and Community
- Health Insurance and Services
- Shopping Trips
- Opening a Bank Account
- Immigration Questions
- Employment in the United States
- Getting Involved
- The Classroom and Education System in the United States
- Paying your Bills
- Safety and Security
- Culture Shock

ISO also provides many opportunities to get answers to all your questions, meet new friends, and have fun.

You must make arrangements to arrive for orientation. The information provided is vital to your success and happiness at UNI.
Being on your own in a new country can be scary, especially when you’re sick. Rest assured, you’ll find caring and attentive staff at the UNI Student Health Clinic. The University of Northern Iowa Student Health Service staff provides a wide array of medical care: mental health services, immunizations/allergy injections, minor surgical procedures, and treatment of illnesses and injuries. Students who register for five or more semester hours of credit are automatically assessed a mandatory Student Health Fee in their tuition cost. This fee entitles students to many services at no cost, some services for a minimal fee and other services for regular fees.

**Student Health Insurance**
Costs associated with health care in the United States can be substantial. Insurance is designed to protect individuals from the extraordinary costs associated with serious medical emergencies. In order to provide a safe and healthy environment to all students, UNI has an on-campus health clinic with full-time medical doctors and nurses. Health insurance is mandatory for all international students. More information about the Student Health Clinic and the requirements for health insurance can be found at health.uni.edu/insurance.

**Required Health Screening**
All UNI students must submit proof of two measles, mumps and rubella vaccinations. Included in your admissions packet, you will find more detailed information on how to fulfill this requirement. During orientation all international students will be required to participate in a mandatory health screening for tuberculosis. More information about the Student Health Clinic mandatory health requirements can be found at health.uni.edu/requirements.

“I love UNI. It’s the perfect size and feels like a small community. Everyone is so welcoming, and if you ever need help with anything all you have to do is ask. There is help around every corner!”

Ulikke, Senior
Psychology major
Mo i Rana, Norway
BILLING INFORMATION

All tuition, mandatory fees and contracted room and meal plan expenses are billed directly to the student by the Office of Business Operations. Students are billed one semester at a time. U-Bills are available electronically and can be reviewed in the MyUNIverse portal.

You can enroll in a payment plan option which allows the university bill to be split into five payments per semester. There is a $20 fee to enroll in the payment plan. More information about billing can be found at the Office of Business Operations website at obo.uni.edu/student_accounts/.

You do not necessarily need to have the full cost of living available upon arrival. When planning how much money to bring with you, understand the dining centers have limited hours during the ISO and although some meals will be provided, you will be responsible to purchase a few meals on your own. Also keep in mind that it may take a few days for funds that are transferred to your bank account to clear and become available.

UNI is not able to accept payment by credit or debit cards. Once your U-Bill is created, you will be able to pay it by cash, check or online through Flywire.

FLYWIRE
The university partners with Flywire for a cost-effective way for international students to wire funds from their home country bank. Students will be offered excellent exchange rates allowing them to pay in their home country’s currency (in most cases) and save a significant amount of money compared to traditional bank wire costs. The posting of your payment to the university will be faster, you will have the ability to track your payments and flywire will notify you when the university has received the payment. Visit flywire.com/pay/uni to register and then follow the instructions to make a payment.

Bringing Money to the United States
During International Student Orientation, you will have the option to open a bank account in the United States. Although this is not a requirement, it is highly recommended that you do so as some of your living expenses will require payment by checks from a U.S.-based institution. If you are planning to pursue student employment, you will also need to have a bank account to deposit your paychecks.

For safety reasons, it is very important that you do not travel with large sums of cash in your possession. There are much safer options to bring money into the United States when you arrive. These options include:

- **Money Order:** You may choose to get a money order or cashier’s check in U.S. dollars in your own name. In this case, you may deposit the money order into your own personal account after opening one in the U.S.

- **Bank Wire:** Most banks are able to transfer money internationally. After opening your bank account in the U.S., you may request funds to be transferred from the bank in your home country to your personal account in the U.S. Although there are fees associated with this service, it is possibly the safest option to transfer funds internationally.

- **ATM Withdraw:** In some cases, students may be able to withdraw money from the bank in their home country using an ATM or debit card. Check with your bank to make sure this is an available option to you. Daily limits and fees may also apply for this option.
Q. WHEN DO I SIGN UP FOR CLASSES?
An academic adviser will assist you in registering for classes during ISO. Graduate students will work directly with their academic department. Students are not allowed to register for courses prior to attending ISO.

Q. I CAN’T LOG INTO MYUNIVERSE PORTAL, WHAT SHOULD I DO?
If this is the first time you are trying to log into the MyUNIverse portal, follow the first time users information at uni.edu/its/kb/8362. If you have logged in before and are no longer able to log in, you may have to reset your password. To do so, send an email to ITS-Consult@uni.edu requesting your password to be reset. Include your university ID number and user name in the email. For additional questions you may find the Consultant Center Assistance Chat at it.uni.edu.

Q. HOW MUCH MONEY DO I NEED TO BRING TO UNI?
An exact amount of money needed varies between students; however, it is important to plan to have some cash available immediately upon your arrival. You will need funds for meals and other immediate expenses.

Q. HOW DO I COMMIT TO UNI?
To accept your offer of admission, you must complete an online acceptance form and pay our acceptance fee available at: admissions.uni.edu/accept.

Q. HOW DO I SIGN UP FOR A CELL PHONE PLAN?
You will have the opportunity to sign up for a cell phone plan from a provider that does not require students to have a Social Security Number. You may also choose one of many pre-paid phone options, which are available at different business locations in Cedar Falls.

Q. DO I NEED A SOCIAL SECURITY NUMBER? IF SO, HOW DO I GET ONE?
A Social Security Number (SSN) is not issued to any student in the United States who is solely studying and not working. If you decide to get a job on campus, you will then work with the ISSO to obtain a SSN.

Q. WHERE CAN I FIND MORE INFORMATION FOR INTERNATIONAL STUDENTS?
Staff in the Admissions and ISSO offices are happy to assist with any questions!
SUCCESS AFTER GRADUATION
UNI alumni are making their mark on the world in nearly every field and every profession. Ninety-five percent of last year’s graduates are employed or continuing their education.
2. FACULTY WHO KNOW YOUR NAME

As a teaching-focused university, UNI faculty put students first. Our average class size is just 26 students, so you’ll really get to know your classmates and professors. And 99 percent of classes are taught by faculty, not graduate students or teaching assistants, which means you’ll learn from professional educators with years of teaching experience.

3. A TOP 100 BEST-VALUE COLLEGE

UNI ranks as a top 100 best value thanks to our high four year graduation rate, low average student debt, low price and overall great value.

4. EVERYONE LOOKS GOOD IN PURPLE

Cheer from the stands, play in the band or play on a team. UNI has 17 Division I men’s and women’s athletic teams that play in the UNI-Dome, the McLeod Center, and on various venues around campus. Anyone can get in the game by joining an intramural team, fitness class or club sport. Game on!

5. FUN TIMES ARE EASY TO FIND

UNI has more than 260 student clubs and organizations, so there's bound to be at least one (and probably many more) that sounds like fun. Music, theatre, Greek Life, honor societies, student government, faith-based organizations—we could go on and on but we only have so much room on this page! Come to the Student Involvement Center and we’ll hook you up.
